April 12, 1950

Mr. Howard Eaton
Program Director
Station WYBC
New Haven, Conn.

Dear Howard:

This letter has in reality a two fold purpose: one to reply to your letter of the 28th, and two, to introduce myself as the new program director of WDBS. As you may or may not know, John Gambling (besides becoming a father over the vacation) has been appointed station manager for the next year. With a new set of men taking over the operation of the station we are going through some straightening out manuvers but I'm sure with the good group we have on the Freshman and Soph staffs, the loss of those leaving will soon be smoothed over.

As to the ET's of the gals singing groups I find to my dismay that they were sent to the school octets and we did not make any copies,therefore, I hope you'll except my regrets for not being able to supply them to you. Naturally, if there is ever anything we have you might like to use please do not hesitate to let me know.

I hope to meet you personally at an Ivy meeting in the future as well as the rest of the WYBC staff which I think you will agree is far superior to this paper method. Until I may be of any service, I remain

Sincerely yours,

Bill Terry

Bill Terry
Production Director
